Brew A Great Non-Alcoholic Beer - Brew Your Own

Brew A Great Non-Alcoholic Beer For those times when you're dying for a beer but don't want to get bogged down, you can make a beer that is low in alcohol but high on flavor. You don't even need any fancy equipment.

How to Brew Your Own Beer - wikiHow

The best way to brew your own beer is to steep your grains in a mesh bag and submerge them in a large stock pot of hot water for 30 minutes. Then, add malt extract to the pot and bring the water to a boil. Chill the pot of wort in ice water and then pour it into a fermenter. Limit exposure to air and strain the hops out.

Introduction - How to Brew

There are many good books on homebrewing currently available, so why did I write one you ask? The answer is: a matter of perspective. When I began learning how to brew my own beer several years ago, I read every book I could find; books often published 15 years apart.
