It allows you to check your KPLC ebill account balance and bill due date any time, by SMS or online via e-mail.

PoE vs. PoE+ - Electronic Products

Power over Ethernet, or PoE, distributes power and data safely over an Ethernet cable to a targeted device (or network of devices). It's often used where universal serial buses (USB) are unsustainable and ac power is inconvenient, expensive or infeasible to supply (think wireless LAN access points, IP phones, surveillance cameras).
