Marine Fuel line VS auto Page: 1 - iboats Boating Forums ...

Marine fuel line is considered barrier hose and automotive is not. The inner construction is the same but the cover is better (more abrasion, leak and fire resistant) on marine fuel line. A hose is made in several steps. The inner tube is extruded, then partly cured, then has a braid covering the tube, the outer cover is to protect the braid and inner tube. While the inner tube and braid may

requirements and any questions you may have.

Outboard Fuel Line Problems | The Boat Galley

Great Article! On any line older than 5 years, the sun causes the bulb, rubber end connector inserts, and fuel line to age, shrink, harden and crack, leading to tiny air leaks that prevent the fuel pump from pulling gas into the motor, especially at idle.
