Best Motion Sensor Lights of 2019 | SafeWise

The amount of coverage provided by a motion light is determined by the motion sensor range and the brightness of the light bulbs. If you're looking to light up a small area like the front porch, you may only need a motion sensor with a range of a few feet. But if you want to illuminate a larger area like an entire backyard, you might want a floodlight with a range of 70 feet or more. You can
