[Math - Medication Math for the Nursing Student - Alysion.org](#)

Passing med-math class may require getting only 80% of test problems right, but coming up with the right answer only four out of five times isn't good enough when real patients are at risk. While mistakes can still be made using any technique, dimensional analysis does the best job of minimizing them. The only fault lies in the name. Perhaps the Math-Woenie-No-Brainer technique would be more
