[How to Crate Train your dog or puppy - dogbreedinfo.com](#)

This is a general crate rule that applies to both puppies and adult dogs, not just when in training, but every single time you put a dog in a crate. Crates should never be used as punishment. Time-outs do not work on dogs. Crates should be large enough for the adult dog to stand, sit and stretch out. (Ideally for a puppy, you start with a smaller crate, or block off one end, so he can't use

[CRATE TRAINING - inch.com](#)

In fact, crate training is best accomplished while you are in the room with your dog. Getting him used to your absence from the room in which he is crated is a good first step.

This prevents an association being made with the crate and your leaving him/her alone.
