[Recreational Scuba Diving: An Overview - Lakeside Press](#)

Recreational scuba diving, as taught by national certifying agencies, is defined as diving that: Uses only compressed air as the breathing mixture. Is never done solo.

[Recreational diving - Wikipedia](#)

Recreational diving or sport diving is diving for the purpose of leisure and enjoyment, usually when using scuba equipment. The term "recreational diving" may also be used in contradistinction to "technical diving", a more demanding aspect of recreational diving which requires greater levels of training, experience and equipment to compensate.

[Technical vs Recreational Scuba Diving: Boundaries and ...](#)

Recreational scuba diving is generally considered to be diving that permits a direct ascent to the surface, at a controlled constant and pre-determined speed, i.e. the diver

does not need to stop and wait on the way up. Having direct access to the surface enables a high degree of safety for the diver if they have a problem, they can abort the dive and exit the water immediately.
