[The Art of Color: The Subjective Experience and Objective ...](#)

When preparing the first printing of THE ART OF COLOR in 1960, author and publisher were faced with the problem of finding the most favorable method of producing the difficult color reproductions. It could only be done by producing the various color plates by entirely different printing processes, which had to be done by several printers, and then tipping them into the book. [The Art of Color: The Subjective Experience and Objective ...](#)

I first learned about practical color theory in fine arts school from Itten's basic principles in The Art of Color. Even after reading books by Goethe, Chevreul, Ostwald and Birren, I still think this is the ultimate book on the subject written for artists.
