[Is life a dream or reality? - Quora](#)

It cannot be true that 'life is a dream' because a dream is by definition something that occurs within the context of life, when we are asleep. When, within the context of life, we are not asleep, we are (by the definition of a dream) not dreaming. In other words, in order for life itself to be a dream, the word 'dream' would have to mean something completely other to what it actually does mean.
