Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (see General Instruction A.2. below):

The 15 Best Resin (SLA/DLP) 3D Printers 2019 For ALL Price ...

Resin 3D printers are 3D printers that use stereolithography technologies to create high-quality 3D models from a liquid resin photopolymer.

Stereolithography was the first 3D technology invented, with the patent granted in 1986 and commercialized by 3D Systems in the late 1980s.

Building Prosthetics for Children in Need |

DonorsChoose ...

We need 3D filament and prosthetic hand kits to build prosthetic hands/arms for children around the world in need. This project is being completed by Jantia, an officer in the STEM Squad, an extracurricular club whose mission is to use science, engineering, math, and technology to solve problems in the world.
